Project updates are shared via:
- Monthly e-newsletter specific to this project
- Bi-monthly resident steering committee meetings (all are welcome)
- During South Side Task Force meetings when time allows
- Project website: www.hbdyc.org/healthy-neighborhood-project

Join us in building a healthier community!
The Healthy By Design Coalition is committed to collaborating with our partners across the community to improve the quality of life for people who live, learn, work and play in Yellowstone County. Through policy, system, and environmental change we strive to collectively impact Yellowstone County residents’ well-being.
