

Welcome!

2025 Community Health Public Forum

Before we get started, feel free to:
Grab lunch & refreshments
Sit where you can see!

Connect to the Wi-Fi
Password: **SharingIsCaring**

Let us know if you do not have a smartphone!

Agenda

- Share key findings from needs assessment
- Public prioritization of areas of opportunity
- Next steps

Sponsored by and conducted in partnership with:

Logistics and Housekeeping

- Food and beverages
- Restrooms
- Two breaks

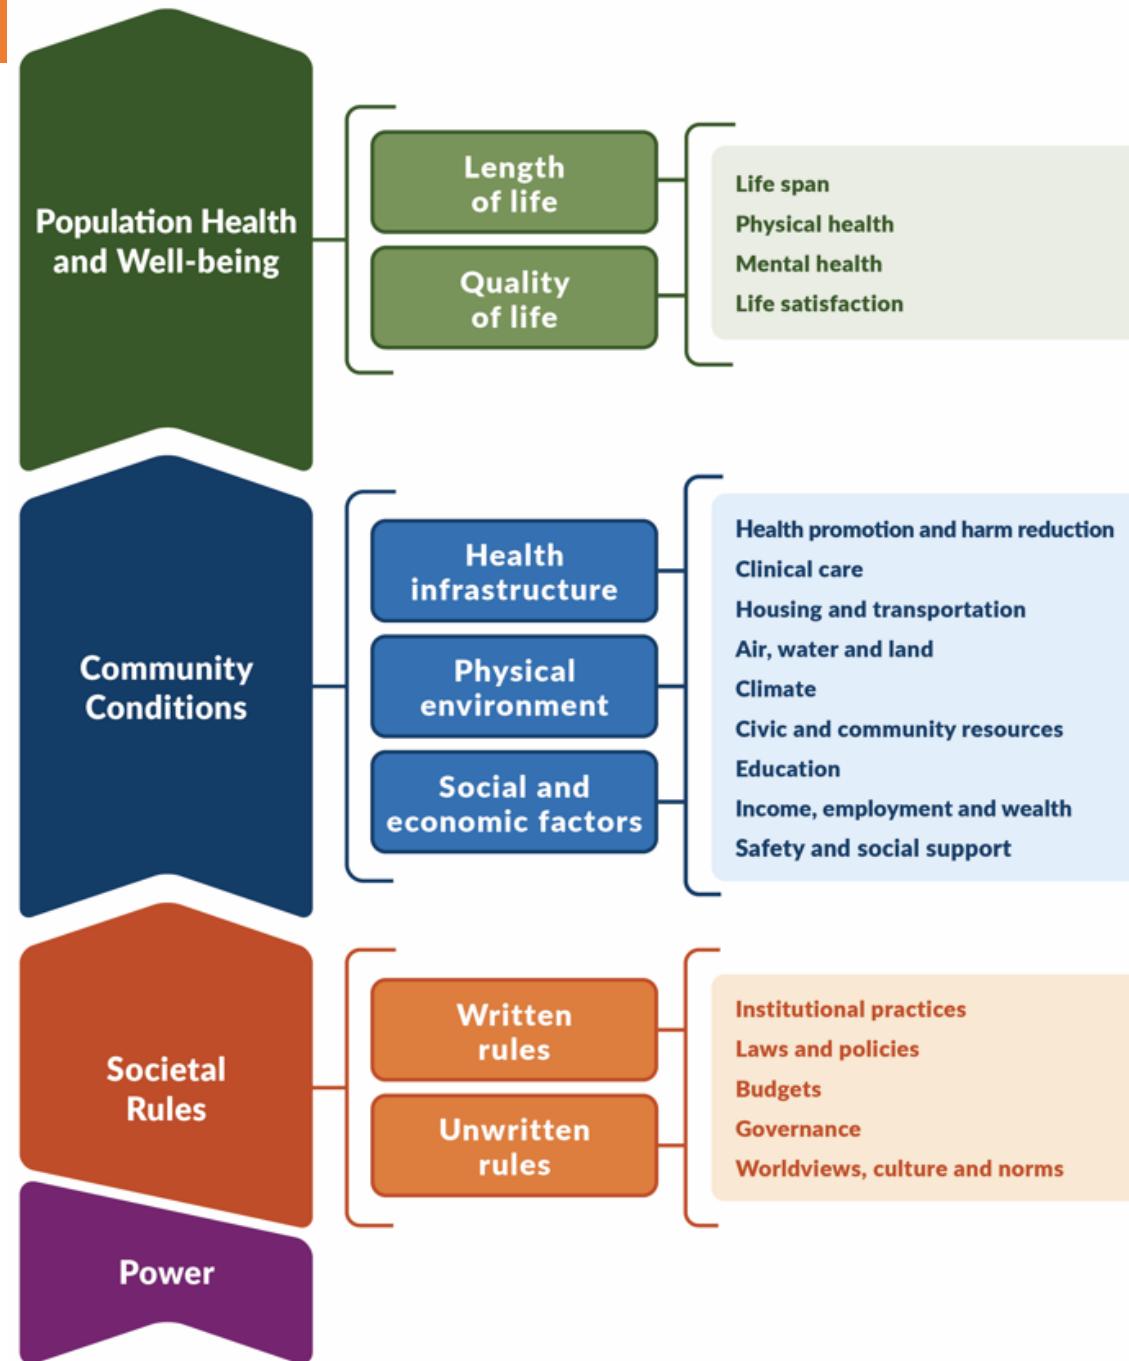

Why Complete an Assessment?

- Provides **comprehensive** information about the community's **current** health status, needs, and issues
- Opportunity to **engage broader community** in assessing and addressing community health
- Justifies how and where **resources** should be allocated to best meet community needs
- Supports the development of a **coordinated** community health improvement plan

Focus on Yellowstone County

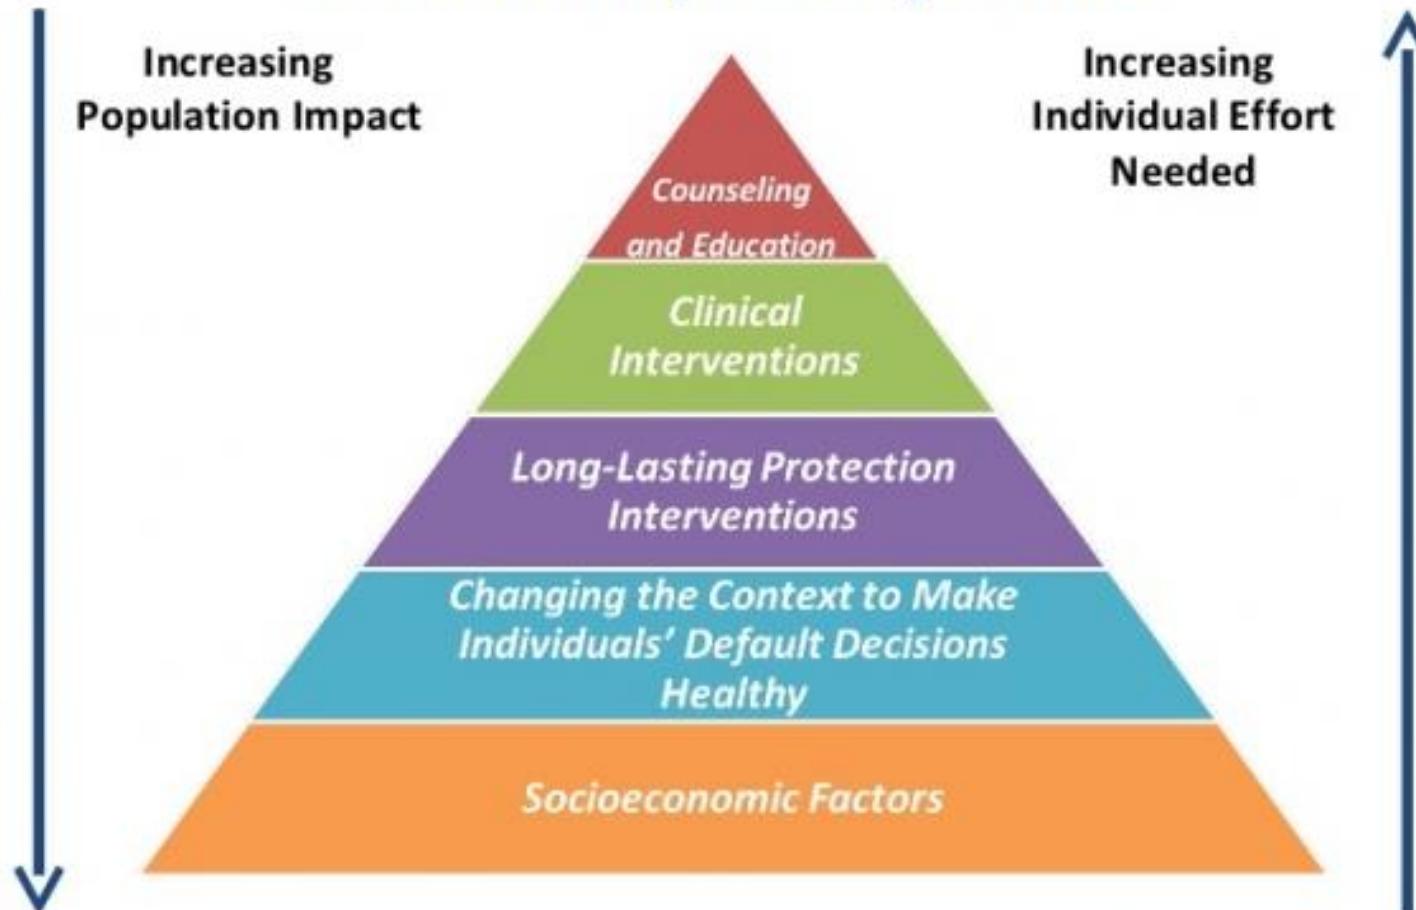

**What
contributes to
health
outcomes?**

Our Approach

Health Impact Pyramid

Frieden T. American Journal of Public Health | April 2010, Vol 100, No. 4

Source: Frieden TR. A framework for public health action: the health impact pyramid. Am J Public Health. 2010; 100: 590–595.

What do we do with the data?

Working together to improve the health and vibrancy of Yellowstone County

Key Findings from the Community Health Needs Assessment

Presenters

Introduction and Methodology

Bruce Lockwood, Professional Research Consultants

2025 CHNA Results

Amy Ready, Billings Clinic

Melissa Henderson and Taylor Cook, RiverStone Health

Estee Glikman, The Rehabilitation Hospital of Montana

April Ennis Keippel, Intermountain Health St.Vincent Regional Hospital

Shari Charron, Intermountain Health St.Vincent Regional Hospital

2026 PRC Community Health Needs Assessment

Yellowstone County, Montana

The Rehabilitation
Hospital of Montana
In Partnership with
Billings Clinic & St. Vincent Healthcare

Today's Activities

Presentation

- Represents just a fraction of the data collected through this assessment.
- Primarily focuses on areas of need ("Areas of Opportunity"); however, there were many positive findings for the area as well.

Prioritization

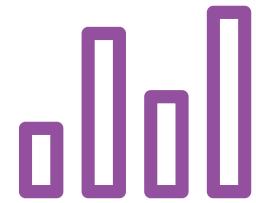

- Toward the end of our meeting, you will be asked to rank health issues along various criteria to inform the prioritization process.

The PRC Community Health Needs Assessment consists of both primary and secondary data.

BENCHMARKING

- Previous Survey Data (since 2005)
- PRC National Health Survey
- Montana BRFSS data
- Healthy People 2030 targets
- National vital statistics data

Community Health Needs Assessment

Secondary Data

- County-level data
- Census data, vital statistics, other health-related data

Online Key Informant Survey

- Community stakeholder input — *124 physicians, public health, other health providers, social services, community leaders*
- Based on their experiences, the populations they serve

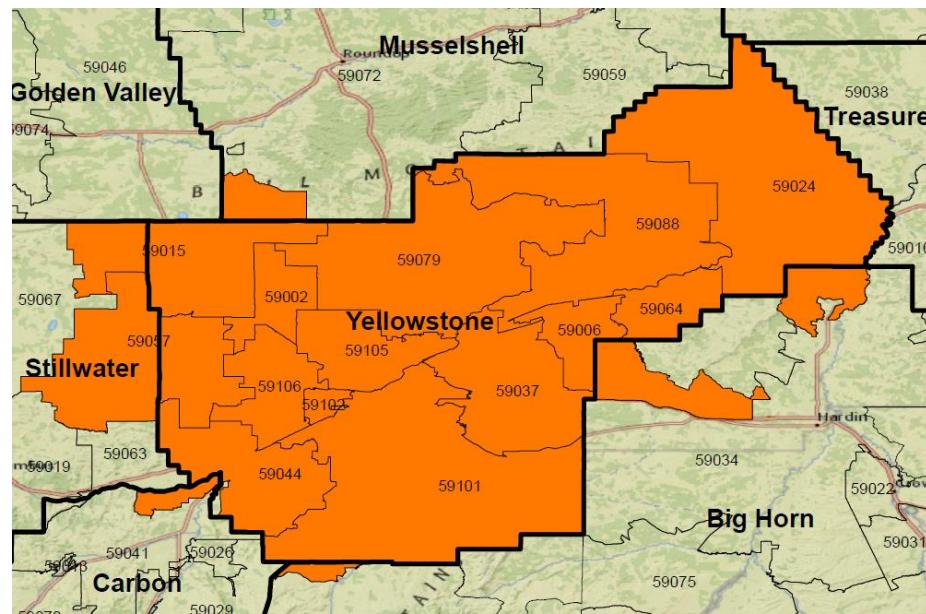

Customized Local Health Survey

- Population-based surveys
- Targets health status, experience, behaviors
- Conducted via landline/cell phones and internet-based surveys

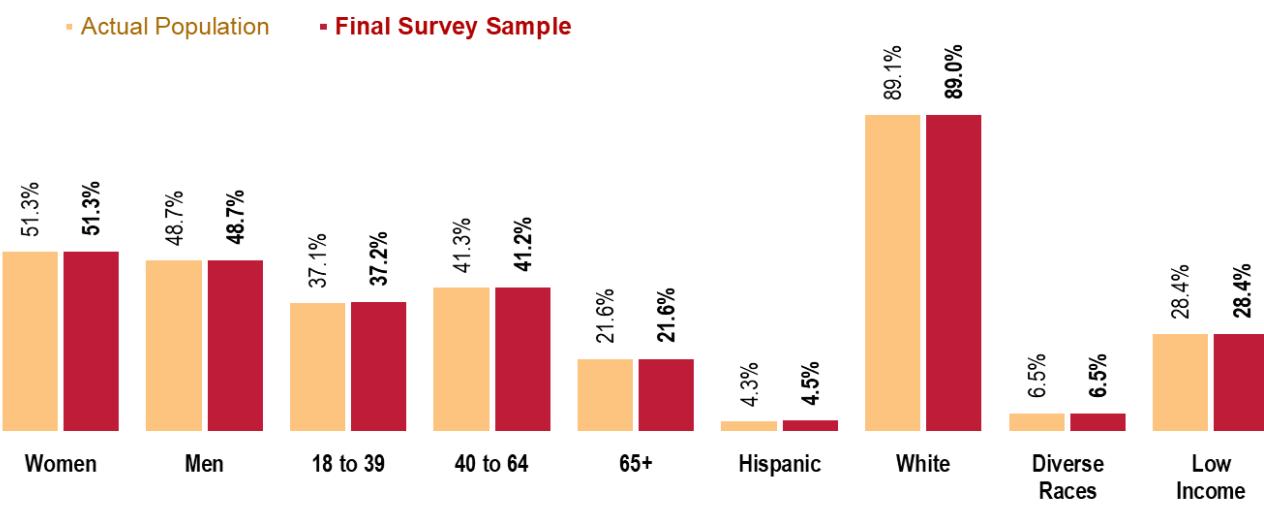

Customized Local Health Survey

- 692 surveys stratified across the service area
 - Total sample size provides an overall maximum confidence interval of $\pm 3.7\%$
- Over 100 survey items;
20-25 minute interview
- Final sample weighted in proportion to the total population

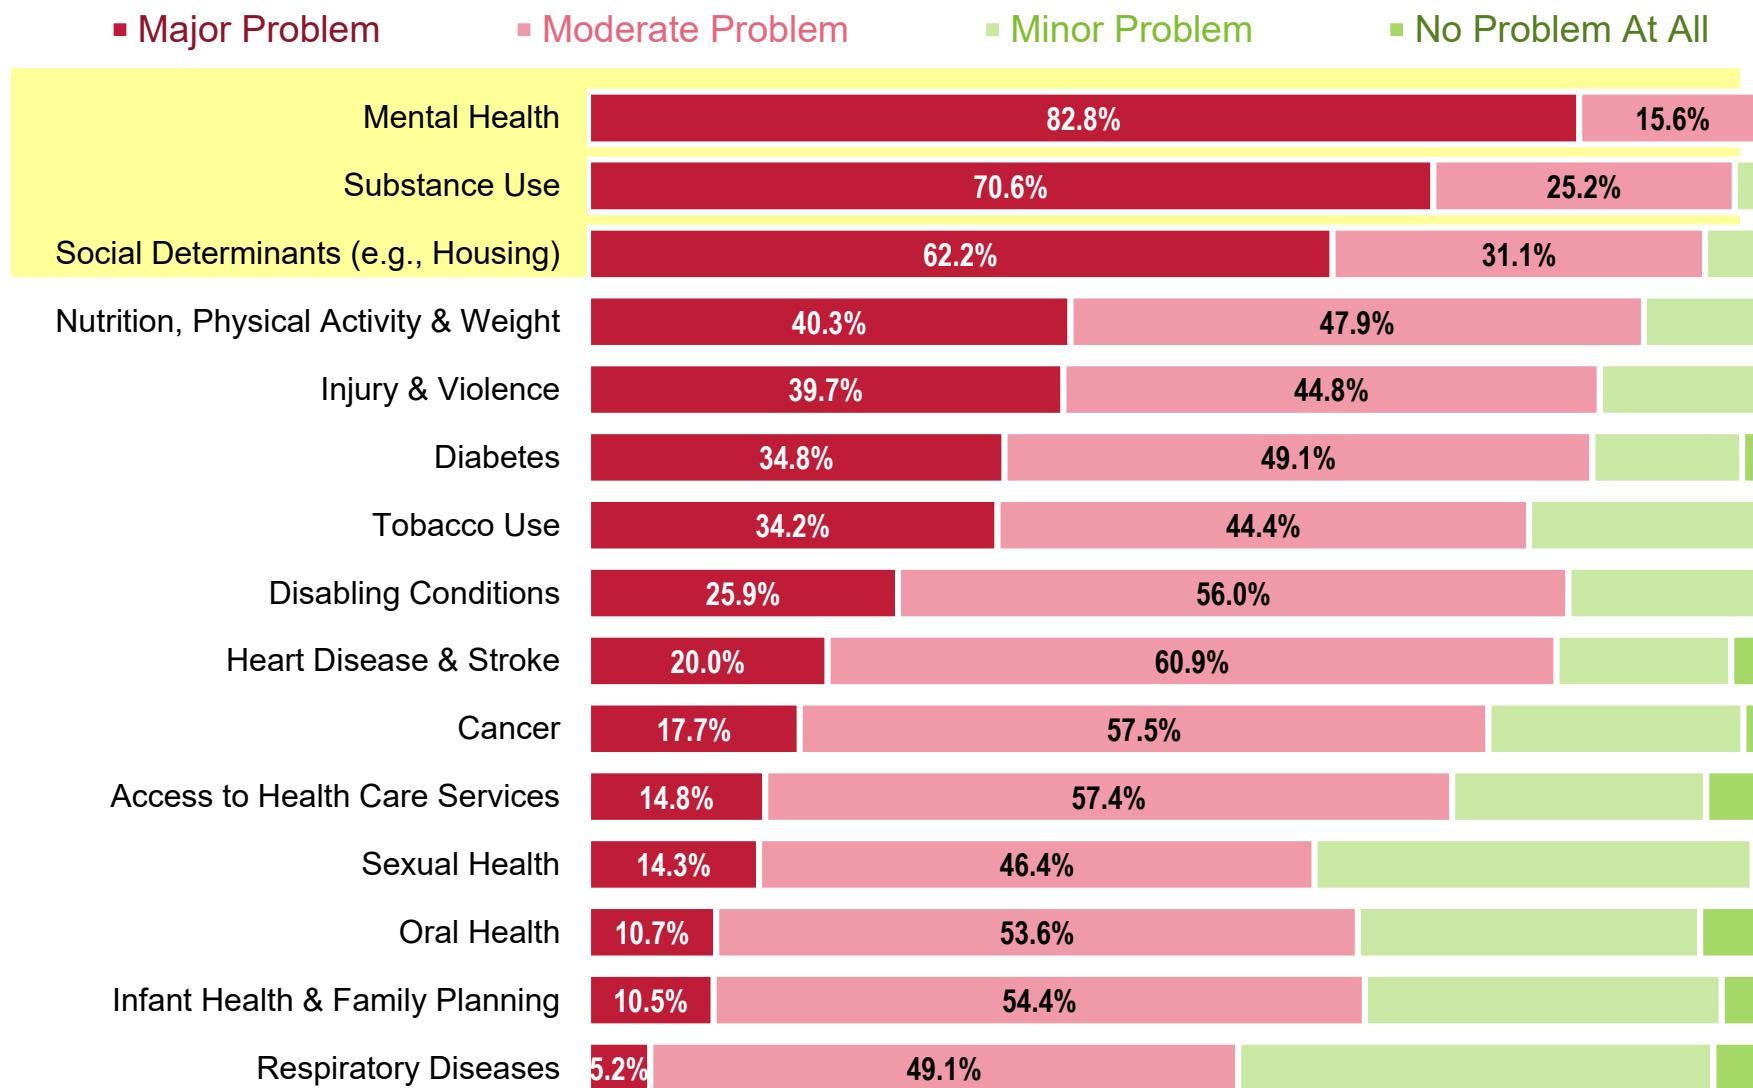

Population & Survey Sample Characteristics (Yellowstone County, 2026)

Key Informant Input

Key Informants: Relative Position of Health Topics as Problems in the Community

► 13 identified areas of significant health need (“Areas of Opportunity”) under five broader health categories

Overall Health

Access

- Access to Health Care Services

Chronic Disease

- Cancer
- Diabetes

Q&A

Leading Causes of Death (Yellowstone County, 2023)

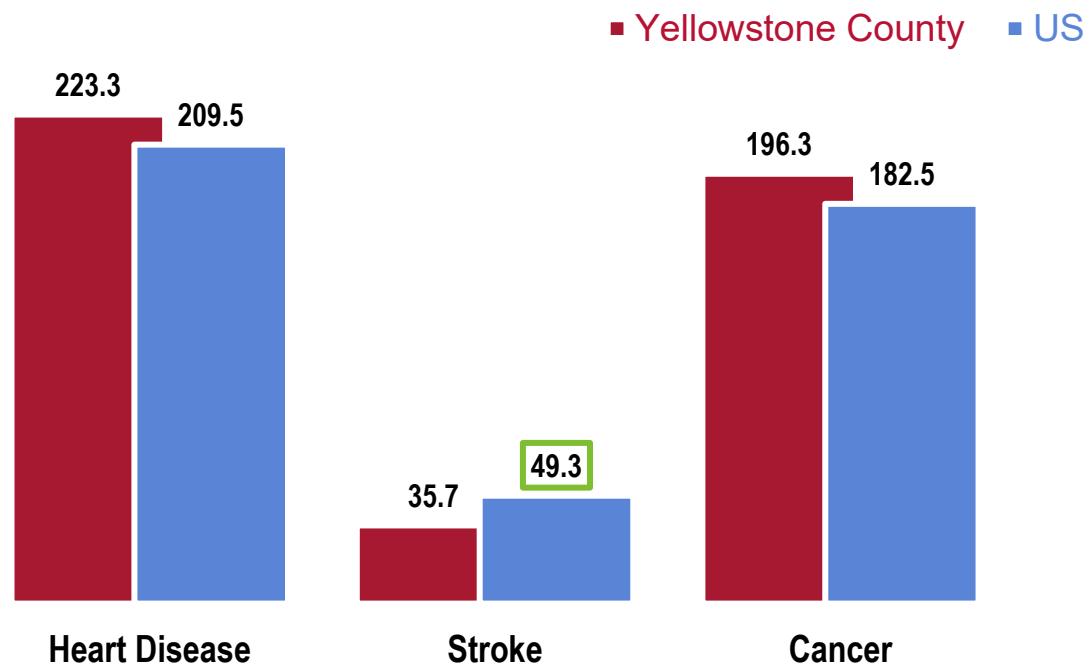

Sources: • CDC WONDER Online Query System. Centers for Disease Control and Prevention, Epidemiology Program Office, Division of Public Health Surveillance and Informatics. Data extracted October 2025.
Notes: • Lung disease includes deaths classified as chronic lower respiratory disease.

Mortality for Select Causes of Death (2021-2023 Deaths per 100,000 Population)

Mortality for Select Causes of Death (2021-2023 Deaths per 100,000 Population)

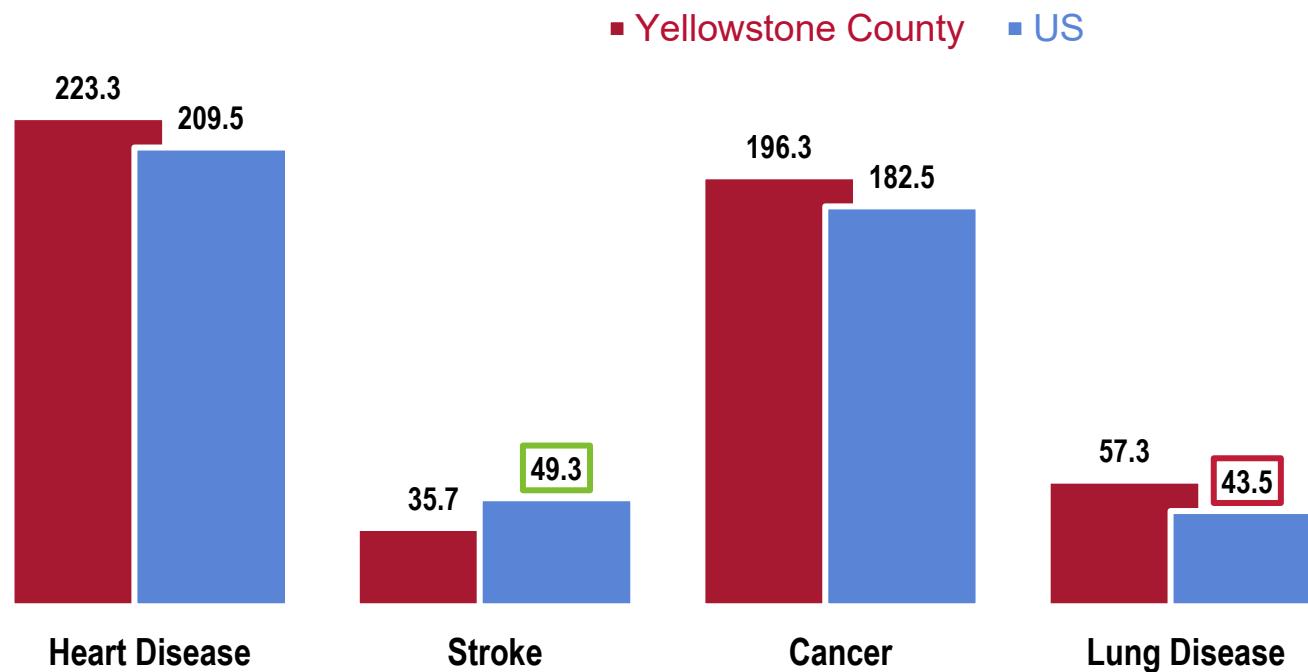

Other CANCER Findings

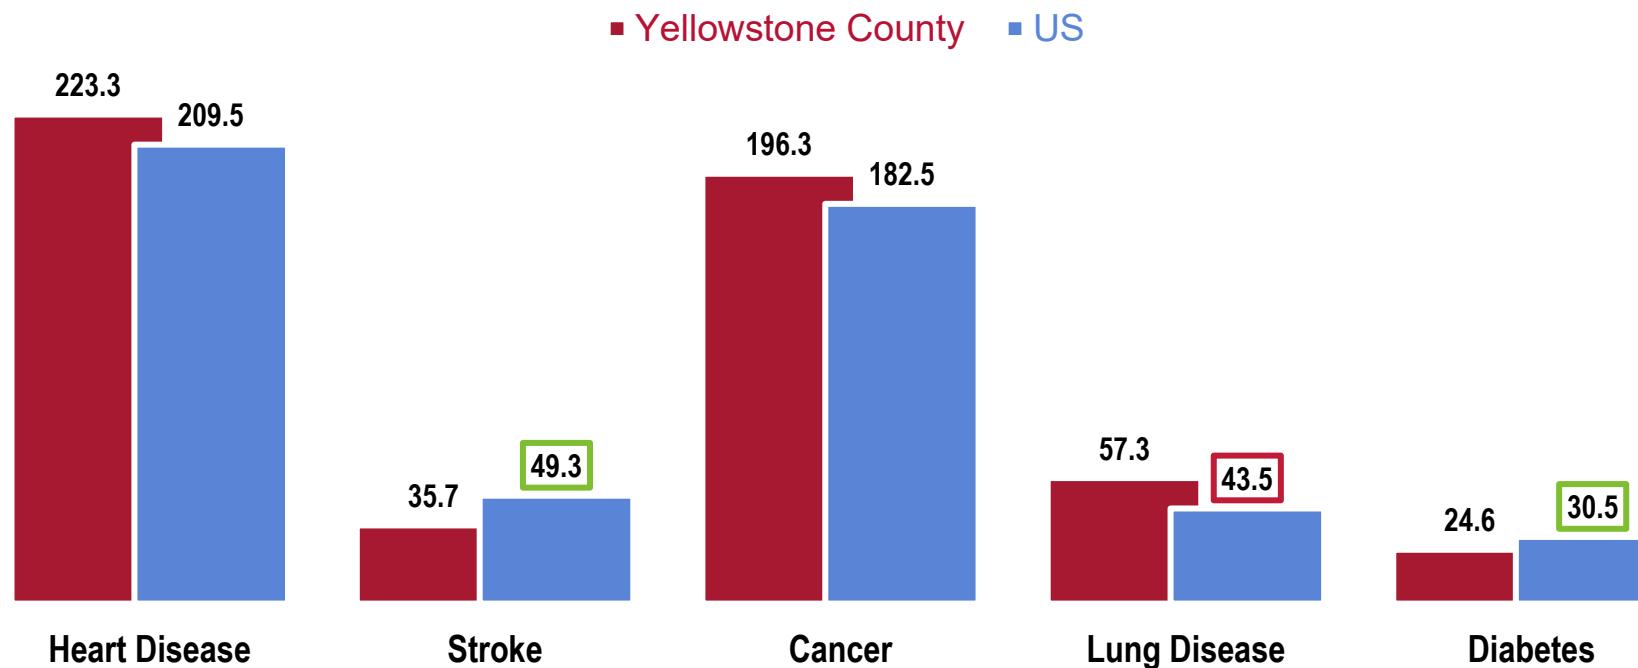

- Female breast cancer mortality is higher than US
- Female breast cancer and prostate cancer incidence relatively high
- Cervical cancer screening is lower than US and trending down

Mortality for Select Causes of Death

(2021-2023 Deaths per 100,000 Population)

Mortality for Select Causes of Death (2021-2023 Deaths per 100,000 Population)

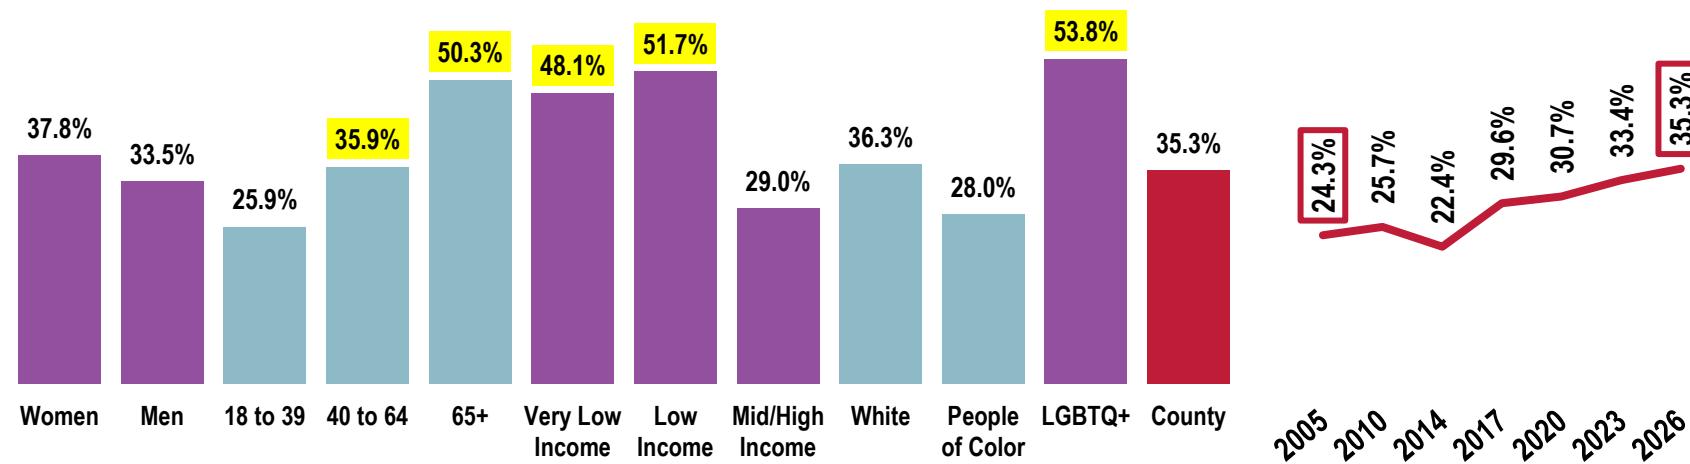

Other DIABETES Findings

- 9.2% of adults have diabetes, 13.5% have prediabetes (both trending up)
- Kidney disease deaths also increasing over time

Limited in Activities in Some Way Due to a Physical, Mental, or Emotional Problem (Yellowstone County, 2026)

Yellowstone County

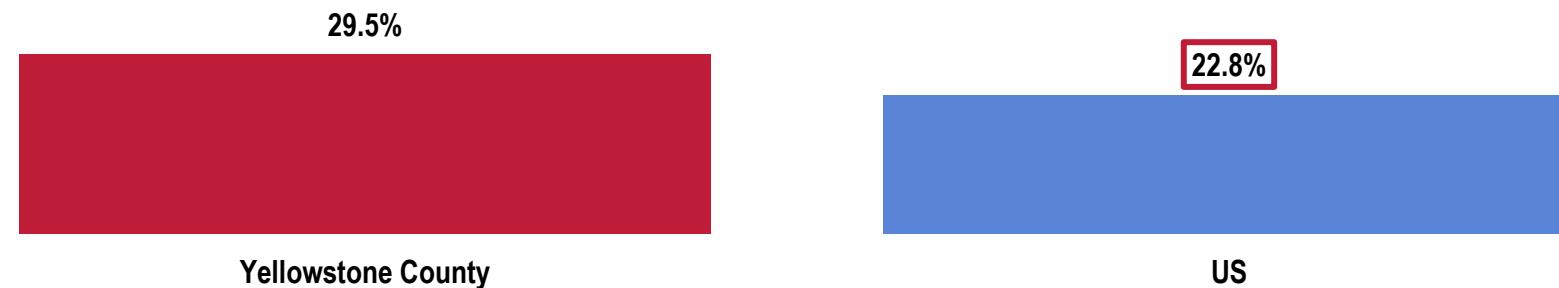

Sources: • 2026 PRC Community Health Survey, PRC, Inc. [Item 83]

Notes: • Asked of all respondents.

Act as Caregiver to a Friend or Relative with a Health Problem, Long-Term Illness, or Disability

The top health issues affecting those receiving their care include:

- Old age/frailty
- Mental illness

Sources: • 2026 PRC Community Health Survey, PRC, Inc. [Items 85-86]

• 2023 PRC National Health Survey, PRC, Inc.

Notes: • Asked of all respondents.

Q&A

Prevalence of Total Overweight (Overweight and Obese)

Prevalence of Obesity Healthy People 2030 = 36.0% or Lower

Sources:

- 2026 PRC Community Health Survey, PRC, Inc. [Item 112]
- Behavioral Risk Factor Surveillance System Survey Data. Atlanta, Georgia. United States Department of Health and Human Services, Centers for Disease Control and Prevention (CDC): 2023 Montana data.
- 2023 PRC National Health Survey, PRC, Inc.

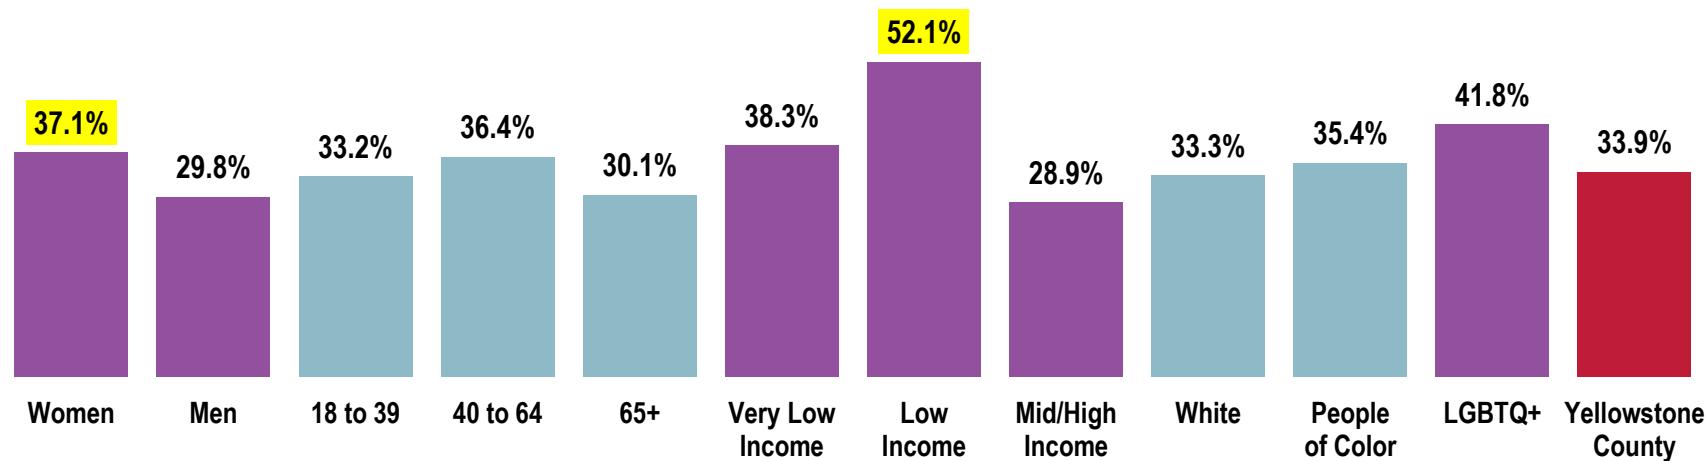

Notes:

- Based on reported heights and weights, asked of all respondents.
- The definition of overweight is having a body mass index (BMI), a ratio of weight to height (kilograms divided by meters squared), greater than or equal to 25.0.
- The definition for obesity is a BMI greater than or equal to 30.0.

Each is similar to the national prevalence level.

Prevalence of Obesity (Yellowstone County, 2026)

Healthy People 2030 = 36.0% or Lower

Sources: • 2026 PRC Community Health Survey, PRC, Inc. [Item 112]

• US Department of Health and Human Services. Healthy People 2030. <https://health.gov/healthypeople>

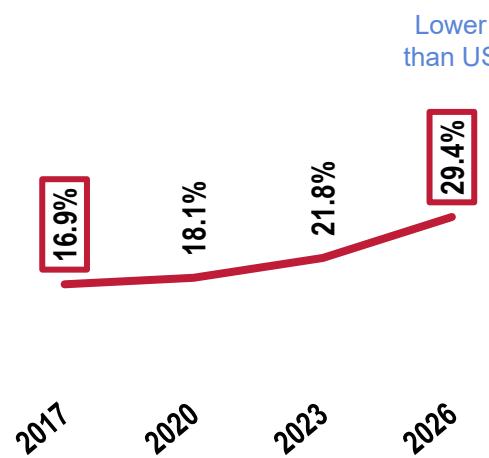

Notes: • Based on reported heights and weights, asked of all respondents.

• The definition of obesity is having a body mass index (BMI), a ratio of weight to height (kilograms divided by meters squared), greater than or equal to 30.0, regardless of gender.

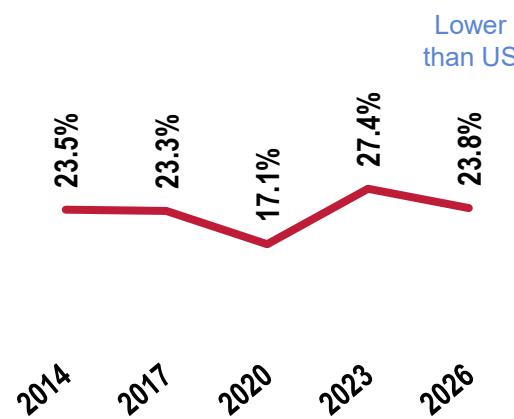

Nutrition Indicators

(Yellowstone County)

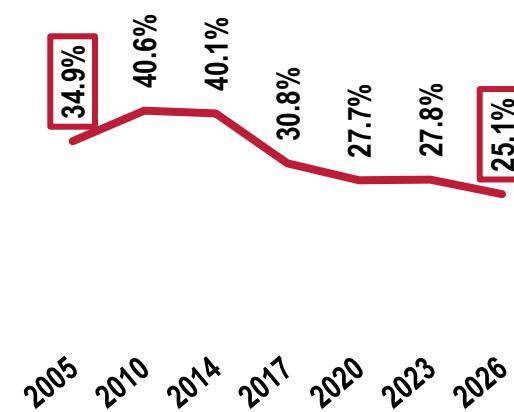

Food Insecurity

Find It “Very” or “Somewhat” Difficult to Buy Affordable Fresh Produce

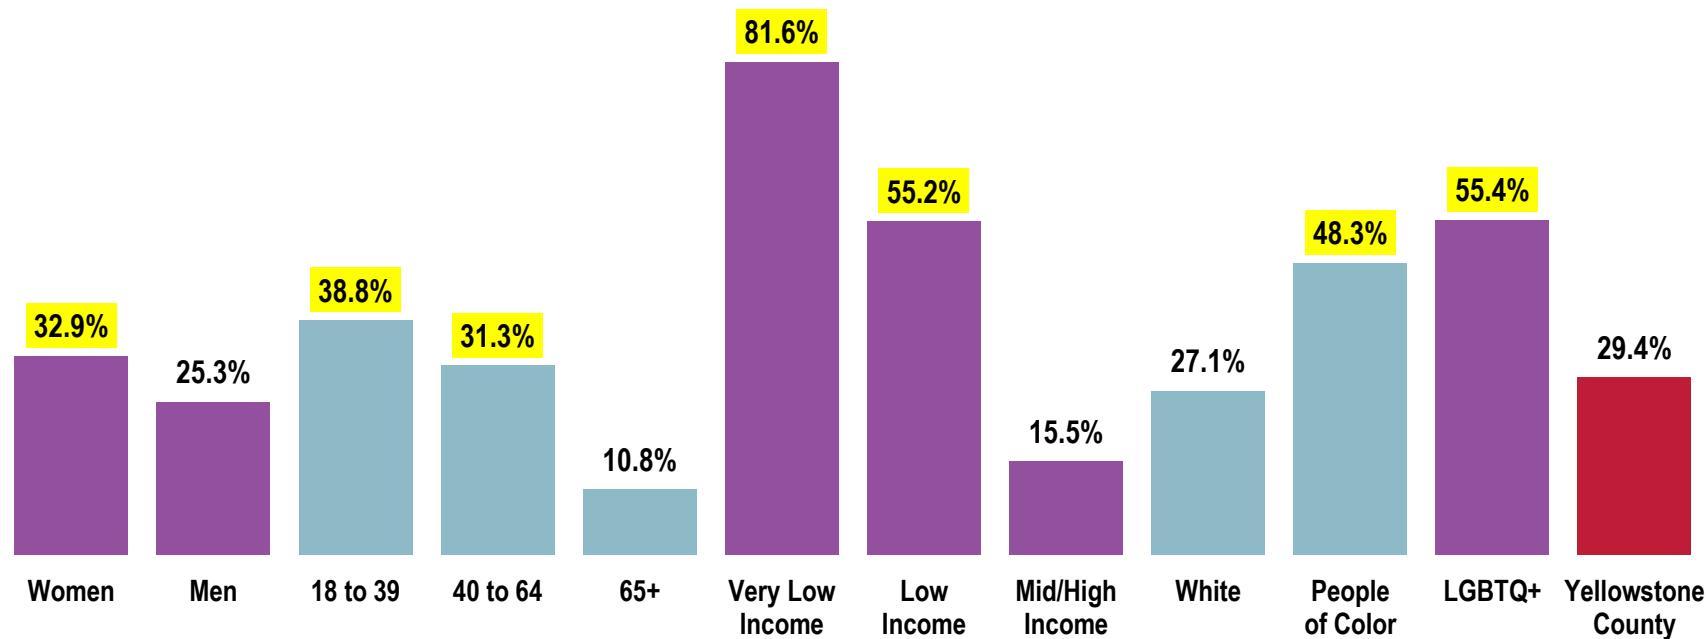

Consume Five or More Servings of Fruits/Vegetables Per Day

Sources: ● 2026 PRC Community Health Survey, PRC, Inc.
 Notes: ● Asked of all respondents.

Food Insecurity (Yellowstone County, 2026)

Sources: • 2026 PRC Community Health Survey, PRC, Inc. [Item 98]

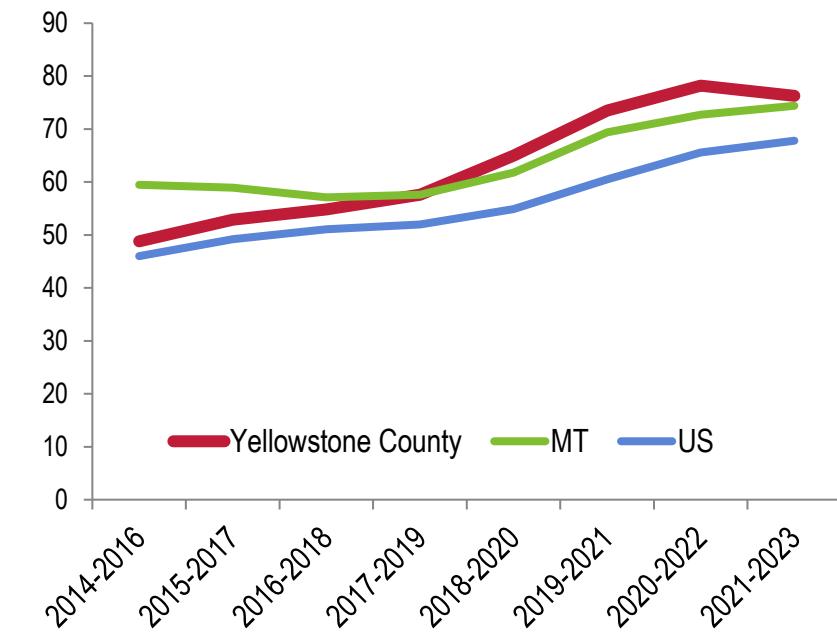

Notes: • Asked of all respondents.

• Includes adults who A) ran out of food at least once in the past year and/or B) worried about running out of food in the past year.

Unintentional Injury Mortality

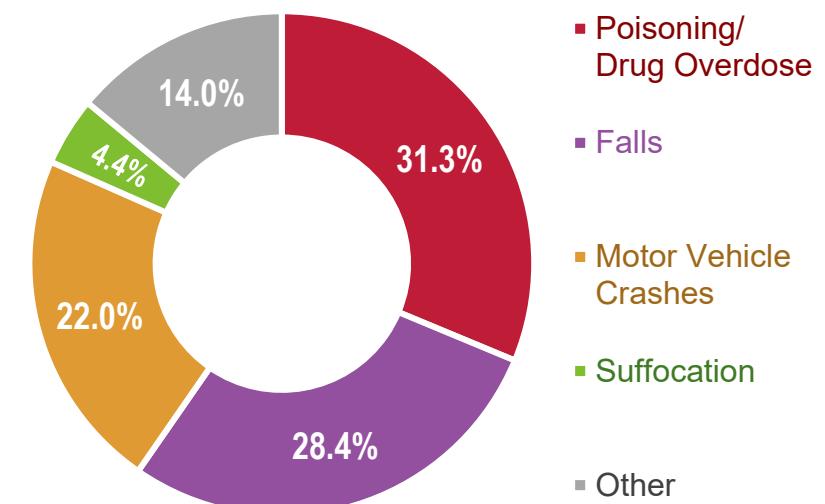

(Annual Average Deaths per 100,000 Population)

Healthy People 2030 = 43.2 or Lower

Leading Causes of Unintentional Injury Deaths

(Yellowstone County, 2021-2023)

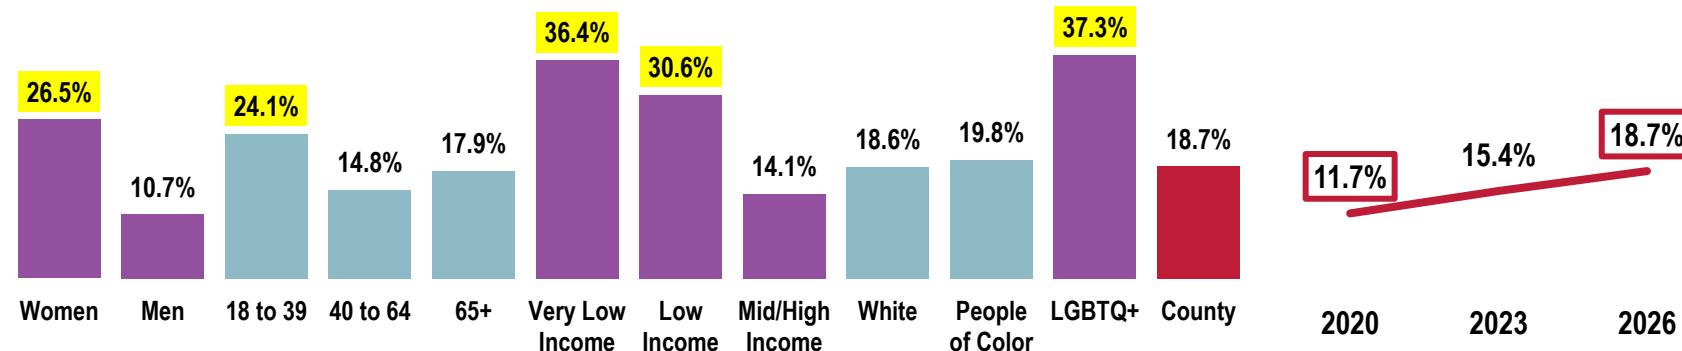

Sources: • CDC WONDER Online Query System. Centers for Disease Control and Prevention, Epidemiology Program Office, Division of Public Health Surveillance and Informatics. Data extracted October 2025.

• US Department of Health and Human Services. Healthy People 2030. <https://health.gov/healthypeople>

Notes: • Deaths are coded using the Tenth Revision of the International Statistical Classification of Diseases and Related Health Problems (ICD-10).
• Rates are per 100,000 population.

Feel “Slightly/Not At All Safe” Walking Alone in the Neighborhood (Yellowstone County, 2026)

Yellowstone County

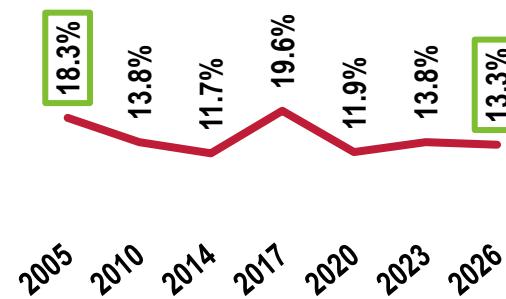

Sources: • 2026 PRC Community Health Survey, PRC, Inc. [Item 302]

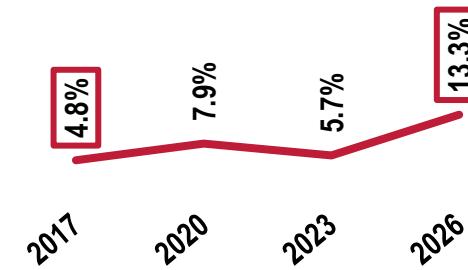

Notes: • Asked of all respondents.

Tobacco Usage (Yellowstone County)

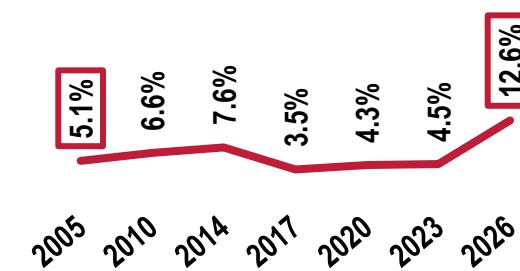

Currently
Smoke Cigarettes

Currently Use
Vaping Products

Currently Use
Smokeless Tobacco

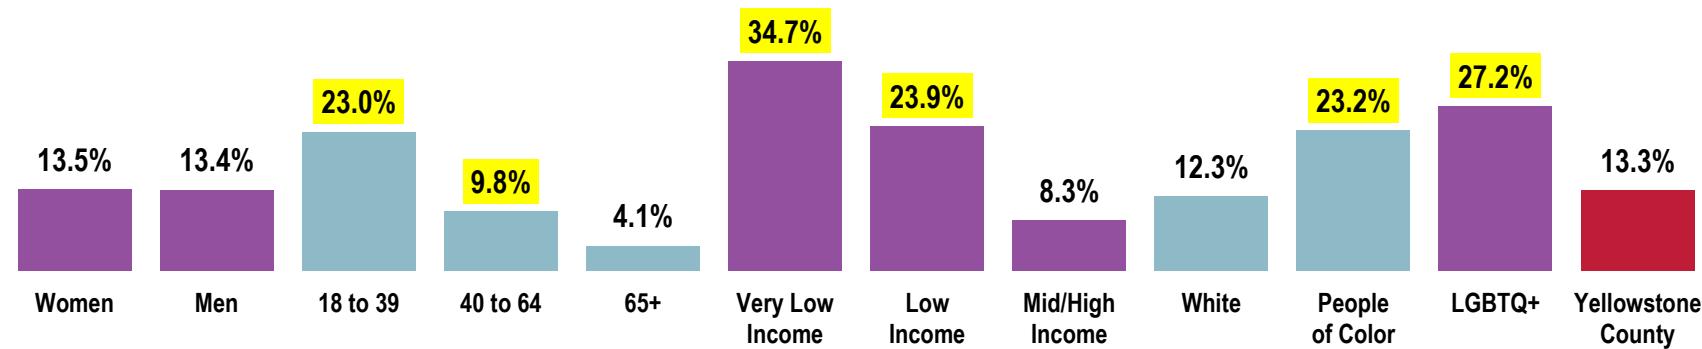

Sources: • 2026 PRC Community Health Survey, PRC, Inc. [Item 304]

Notes: • Asked of all respondents.

• Includes those who use every day or on some days.

Currently Use Vaping Products (Yellowstone County, 2026)

Sources: • 2026 PRC Community Health Survey, PRC, Inc. [Item 36]

Notes: • Asked of all respondents.

• Includes those who use vaping products every day or on some days.
